

## IN THE FIGHT FOR FREEDOM

Doings of those serving their country on land, on the sea, and in the air.

Contributions welcomed for this column—Phone 780.

Letters received by his family state Pte. Jack Codlin has returned to Belgium.

AC2 John Fraser, Mount Hope, spent the weekend at the home of his parents, Mr. and Mrs. E. D. Fraser.

LAC Don McBride, Dunnville, spent the weekend at his home.

Pte. Kester Hugo, Camp Borden, spent a few hours at his home on Friday.

Cpl. Edith McClymont, R.C.A.F., W.D., Rockcliffe, spent the weekend with her mother, Mrs. Wm. McClymont.

Still Same Old "Ang."

Writes Bruce Andrews

"Just a few lines acknowledging the cartoon of cigarettes that I have received from you." Pte. C. H. Wright writes in a letter of appreciation to the Newmarket Veterans' Soldiers' Comforts fund. It's been a long time since I have received any kind of news from you. I have been transferred again. Things are finally catching up with me.

"I paid a visit to Vimy a while back. It was more or less what one might call an excursion. There was a man there who explained everything as we went along. The first thing I saw was the lovely monument that was erected on the grounds where the battle of Vimy was decided. It was really marvelous to see. They told us that the land all around was donated to Canada by the French government and the Canadian government did the rest, including the using of all materials that came direct from the old dominion."

"Many thanks for cigarettes received yesterday," writes Sgt. Bruce Andrews to the Veterans' Soldiers' Comforts fund. "The Vets' smokes always seem to come just when I need them most. I was down to smoking Woodbines, so perhaps you can realize how much you were welcomed."

"I have not received any Newmarket papers lately so do not really know the latest from the home town. Having my address changed is probably the reason for the delay. I have just nicely recovered from nine days leave in Scotland and glad to say I had a nice time."

"Where I am stationed now, I am not in contact with any of the home town lads at all. I did however bump into Ang West in Glasgow and without my visit with him was very short, he seems to be getting on O.K. and doesn't seem to have changed much from the old Ang."

"When you are slogging in the mud of 'rainy' Italy and come out of the line to find cigarettes from home, it makes one feel that he isn't forgotten," writes Pte. G. W. Purchase.

Notice of appreciation has been received by the Veterans from Bandman N. Burling and a card from Petty Officer Bob Benville.

VETERANS ATTENTION

The regular monthly meeting of the Newmarket Veterans' Association will be held in the council chambers on Thursday, Nov. 30, at 8 p.m. All members are requested to attend as important business is up for discussion.

HUNTERS GET TWO DEER

Joel Woodcock and Howard Williamson, Newmarket, and Henry Widdifield, Pine Orchard, returned home from a week's hunting trip with two deer between them.

The report that Bert Morrison shot the bear that was hauled up Main St. on the end of the express wagon last week has been confirmed by the hunter himself. Mr. Morrison also shot a deer and grew a moustache on his trip.

Luke Lyons is reported to have shot a moose.

George Hinton, S. Catania, P. Preston, Dr. G. E. Case, Victor Giovannelli and Frank Courtney were after deer yesterday in East Gwillimbury. Mr. Hinton and Mr. Catania shot a deer each.

THE fight against V.D. is a family affair...

A laughing couple, dodging showers of rice... friends... garden... chubby babies...

These are scenes we know and like, because they're part of our lives... because they spell happiness... contentment.

But we know that these things don't "just happen." They have to be worked for, lived for. Protected, too, because of ever-present dangers which may spoil them.

Veneral Disease is a spoiler. In a cold, relentless way it can kill infants, rob the home of its breadwinner, cripple, destroy. These are not mere possibilities. THEY HAPPEN... RIGHT HERE IN CANADA!

But, these things should never happen. They can be prevented.

Young men and women can safeguard their future happiness together by making sure before marriage that V.D. will not blight their plans. A medical examination, including a blood test for syphilis, is a protection no couple can afford to pass up.

The expectant mother, too, may know for sure that her baby will be all she dreamed of. Syphilis in the expectant mother rarely shows outward signs, and it is no respecter of persons. An early check-up by her doctor, including a blood test, is a most essential, yet simple, first step in protecting her baby's health.

Nor must the breadwinner neglect his part. The security of the home depends upon his ability to work regularly and efficiently. Undiscovered syphilis, striking in middle life, may make the head of the home unable to provide for his family. It is wise to KNOW FOR SURE in time. Industrial medical examinations should include a routine confidential blood test.

A blood test should not be looked upon as something unusual. It should be regarded for what it is... a normal safeguard of health, security and happiness.

### CHOOSE BY VOTING

Self government is like an arm or a leg; if it is exercised regularly it retains its vigor and usefulness. If it is allowed to remain idle, it withers and becomes useless.

For that reason, we most strongly urge every citizen who has considered offering himself for municipal office to hold fast to that course. Election by acclamation is not exercising self government. It is the lazy way.

The present municipal office-holders have shown themselves most sincere servants of the community. They have accomplished much of which Newmarket may be proud and grateful. To the mayor, the reeve, the deputy-reeve and councillors, we extend our congratulations on a job well done. We hope they will again appear before the citizens as candidates. We equally hope they will not be alone.

Giving the voters the opportunity of choosing between candidates and voting according to their judgment is the essence of self-government. Elections cost money. Placing an inexperienced candidate means risking errors. But neither the risk nor the expense justify election by acclamation. The risk of forgetting how to exercise self government, through disuse, is far greater.

### THE REAL ISSUE

Prime Minister Mackenzie King and Defence Minister A. G. L. McNaughton are both on the

record as favoring voluntary methods as against compulsion in reinforcing the Canadian units overseas.

Their stated reason for the stand is that volunteers fight better than draftees, that the man who enlists of his own free will has a better conception of what he is fighting for and consequently gives more of himself in battle.

There are few Canadians for which that argument will hold water. For one thing, the precedent of other nations is too sharply at variance with the Canadian procedure. But a far more compelling answer to their argument is the political aspect of compulsion. Quebec is against conscription. The Quebec vote is needed by the successful prime minister. Ergo, no conscription because Quebec is against conscription.

Many thoughtful Canadians were appalled by the statements that have emanated from Quebec during the provincial elections. There are many Canadians who have a vivid memory of the anti-conscription riots of the last war. More recently, the dismissal of Bouchard from his post as chairman of the Quebec hydro commission for his statements in the Senate have plagued earnest citizens with fears of revolution and domestic strife.

The Canadian outside of Quebec province has little chance to assess the statements and conditions which he is told exist in that province. He is unable to place them in a proper perspective. Consequently, the Canadian outside Quebec, desiring conscription, hesitates between the risk of a broken nation and the present need.

As this is written, Parliament will have been in session one day. It is reported that the session will deal exclusively with the reinforcement situation. Let us have no debate on the virtue of the reinforcement by conscription as opposed to reinforcement by voluntary service. Let us not be fooled by that smoke-screen.

Let us instead, demand that our representatives truly assess the will of the majority of the nation and act accordingly. If the will of the majority of the nation be opposed to compulsion, let us, as citizens acknowledge it.

Let the department of defence limit the scope of our fighting men overseas so that though the scale of our participation be smaller, it will be self sufficient in reinforcements.

If the will of the majority of the nation be for compulsory service, let our legislators act now to implement it without fear or favor. There is still time for Canada to mend its unity in concerted action.

W. M. Collins has again returned from Orchard Beach with freshly picked raspberries.

The evening classes in the King George school got off to a good start last Monday evening with about 50 registered in the several classes. Brief addresses were given by the chairman, T. C. Watson, Rev. Father Wedlock, Messrs. L. G. Jackson, Fred Doyle and Geo. Vale and Principal Cornhill. It is expected that at least ten more will enter the classes. Courses in mathematics, English, mechanical drawing, dressmaking, stenography, typing, bookkeeping, penmanship and millinery are featured.

At the time specified Santa Claus flew over Newmarket last Friday afternoon in the midst of a snow storm. Consequently, he did not have a very good opportunity to display himself or his toys.

He had some opposition, for while the crowd was watching for him his brother appeared on the top of a store. He tried to talk but the wind was so strong that nobody could hear what he was saying.

The Victory loan subscriptions in Newmarket were nearly four times the original objective and North York registered nearly double its objective.

There was a big market last Saturday, particularly in fowl. There was only a small quantity of potatoes and apples offered. Butter and eggs were limited and prices are going up. Eggs sold from 80 to 85 cents a dozen. Butter was 60 to 62 cents a pound. Dressed chickens were 25 cents and 27 cents a pound, dressed ducks 35 cents a pound, dressed geese 25 cents a pound and dressed turkeys 35 and 40 cents a pound. Apples were from 35 cents to 60 cents a basket. Potatoes were \$2.25 per bag. Cabbages, pumpkins, squash, strained honey, celery, live chickens, old hens, live ducks, pigeons, rabbits, hives, green and cured, calf skins, horsehides, sheepskins and tallow were also offered for sale.

Chief Justice Wm. Mulock is bringing the jurors up to time. A Georgina man was fined \$30 on Monday morning for being an hour late and on Wednesday morning another man was fined \$10 for being 10 minutes late. The court costs the county \$30 an hour.

Cpl. W. A. Forth of the 127th battalion has the honor of receiving the first king's certificate in Newmarket, which is issued to wounded and disabled soldiers honorably discharged.

Jas. A. Cody has sold his farm on Yonge St. to Dalton Faris of West Gwillimbury. This farm has been in the Cody family for over 100 years.

At Cane's factory last Friday afternoon Wm. Peterman lost a part of two fingers on his left hand while working at the machine.

The annual shooting match in connection with No. 4 coy., 12th battalion, is to take place on Thanksgiving afternoon at Stickwood's brickyard.

The Electric Light Co. got their poles erected just in time to miss the frost but the men are having cold fingers stringing the wires for the new incandescent system.

About 25 or 30 new roofs have gone on this summer.

The young people are enjoying skating on the pond this week.

The report of the M.O.H. presented to the council meeting last Monday evening gives an excellent showing of the health of the town which is attributed in a large degree to the perfect supply of pure artesian well domestic water. There have been no deaths this year caused from infectious diseases.

The notice of motion by the deputy-reeve to stop ringing the curfew has stirred up quite a feeling of opposition in town and representatives from two organizations were present at the council meeting on Monday evening to ask for its continuance.

The Schomberg hunting party returned with only one deer.

The N.B.C. shooting match in the club rooms last week was a great success. C. Montgomery made the highest score of 58 out of a possible 60.

## TOUGH ON SHOES!

1,300,000 MORE PAIRS OF CHILDREN'S SHOES LAST YEAR

In the last twelve months Canadian manufacturers made for Canadian children about 25% more shoes than in 1939—a fine job—done by the organization and direction of production by this Board's Footwear Administration and the co-operation of manufacturers. And this was accomplished while they were making more essential type shoes for war workers, who wear out their shoes faster than they do in their normal employment.

### LEATHER GOES TO WAR

You've got to have good strong leather for children's shoes, but the soldiers are taking most of ours for their boots. For these leathers, a substantial portion of the hides came from South America and other countries. War cut down these imports and there have been difficulties in getting enough of these and our own hides tanned into leather due to shortage of workers. The production of high grade leather shoes has, however, been maintained at the highest level consistent with the labour and materials available. While shoe factories have been working overtime, factory capacity for civilian shoes cannot be expanded in wartime and it's not possible to change plants from the manufacture of one type of shoe to another—for instance, from women's to children's. The processes, the machines and the lasts are different.

shoes are of the highest quality leathers obtainable, leaving the other grades of leather for civilian use. Airmen need leather for jackets and mitts. War factories need leather for belting and farmers need leather for harness. Leather—the best leathers—has gone to war.

### TURNING HIDES INTO SHOES

There are very large war uses of leather—for instance, in footwear. A soldier requires four pairs of shoes in the first year of his service and about three pairs per year thereafter. But, what is more important, he needs to have his shoes re-soled four or five times a year. His

### THE DISAPPEARING ACT OF RUBBER-SOLE SHOES

In normal times most young Canadians got at least one pair of rubber soled, canvas-top shoes a year. But natural rubber supplies fell into enemy hands, and the manufacture of rubber footwear was drastically curtailed. We're now using reclaimed and synthetic rubber in these shoes—there have been more of them this year and there will be more next year. Leather-soled shoes have had to be used in place of this rubber-soled footwear but shoes made of leather need more care than running shoes. When they don't get it they wear out more quickly; when they get it they must be dried slowly, away from direct heat—and they should be greased also. It's not always a case of poor quality; it's poor care.

## Looking Behind

The Book Titles

By Gwenth Barington

THE RCAF OVERSEAS. The First Four Years (Oxford). Their shoulders held the sky suspended. They stood, and earth's foundations trembled. This is a story of the men to whom we owe the freedom of this air. Names flash through the pages, names of boys you knew and know, quick stories of the humble gallantry which won our freedom, paid for sometimes in the coin of their flesh and blood. It is a story told in the language of deeds, the tersest worded story of how a group of men, many of them still fighting, plied their lives against the strongest mechanized destruction which has ever menaced civilization.

DEATH WAS OUR ESCORT (Prentice-Hall). The author, Lt. Cmdr. Ernest G. Vetter, is executive officer at the Naval Air Station in Minneapolis. This book is a series of articles, but the story was too big to be contained in anything less than a book. This is a work as few people know it, a work of the daily calm days of the war, the calm when death was almost commonplace.

The pastor was examining one of the younger classes and asked the question: "Who can tell me what are the sins of omission?" After a little silence, one young lady offered: "Please, sir, they're sins we ought to have committed and haven't."

Mrs. Stanley Miller, 17 Pearson St., Mrs. Eliza Senart, 1 Tecumseh St., Dorothy Monkman, 30 Queen St. W., Mrs. J. Patrick and Alma Freshwater, all of Newmarket, had the most correct sets of answers to their credit in the puzzle editor's file of the 48 who sent in correct answers this week and will receive double passes to the Strand theatre.

These five winners may pick up their passes any evening at the Strand theatre. The non-winning correct answers have been given credit in the puzzle editor's file.

## TO THE EDITOR

The editor, The Newmarket Era and Express: Attention Newmarket Veterans. The committee appointed last month to change the constitution regarding general service men has, I think, completed a plan whereby all general service men may be admitted to the association providing they have an honorable discharge, not just those who went overseas.

If a general service man was not sent overseas, it was no fault of his. He had volunteered to be sent anywhere. That he wasn't in the decision of his commanding officers. I cannot conceive why some veterans think as they do. Some have sons in uniform in Canada who have been kept there through no fault of their own.

Are we going to admit these men who have been kept in Canada and are now going to ignore them until they form organizations of their own? We all remember what happened after the last war when there was no unity among veterans, each group slashing at the other's throat.

Let us try and keep together this time. Let us be broadminded and offer them a place in our organization. Let us contact them, these men who offered their service anywhere even though kept in Canada. If they do not accept our offer to join our organization, we will have at least done our duty. If we offer to help these boys, perhaps they will help us. We can't carry on ourselves much longer.

A Veteran.  
Newmarket,  
Nov. 23, 1944.

## Commanded Corvette On 'D-Day, Work Mentioned

## A NAPLES PHOTO

Lieut. J. B. Elmsley, son of Major-General J. H. Elmsley, Toronto, who until a few years ago resided in Aurora, has been mentioned prominently in naval dispatches just released. Lieut. Elmsley was on the staff of the Aurora branch of the Bank of Montreal. He was a prominent player at the Aurora Golf club.

Lieut. Elmsley was in command of a Canadian corvette during D-Day, and a few days afterwards was in command of the vessel as it helped to escort ships carrying material and equipment for the prefabricated harbors, which subsequently played such a part in the success of Allied landings.

Enemy E-boats and enemy aircraft set out to disrupt proceedings. With the assistance of another corvette and another Canadian vessel which was able to shoot down the aircraft, they were able to come through without suffering casualties or damage.

Lieut. Elmsley joined the navy in 1940 and has seen considerable action the past few years. A sister, Nina, serves as an officer with the women's transport section of the Red Cross.

## Offer Suggestions For Aurora War Memorial

## POST-WAR GERMANY IS DISCUSSED BY Y.P.U.

"What to do with postwar Germany" was the subject of an interesting forum at Aurora United church Y.P.U. meeting, under the direction of Bruce Underhill, on Monday evening.

Discussion leaders were Bill Babcock, Peter Crysdale and Bruce Underhill. Resources leaders in this thought-provoking subject were E. H. Clarke, William Coleman and Wilfred Adams. The consensus was that control sufficient to ensure lasting peace must be maintained by the United Nations and the mistakes of the last war not perpetuated.

## Lorne Langstaff Has Seen Most Great Ports

Mr. and Mrs. George Langstaff received two cables last week from Liverpool, England, from their son, 17-year-old Lorne Langstaff, who has been sailing with the merchant marine for over a year. He has touched most of the great ports of the world and is now aboard a Dutch ship. He does not expect to be home until after hostilities cease.

His first cable said he was well but had not received his mail. The second cable advised his parents he has received his first mail from home since he left. Most of the mail sent has been returned to Mr. and Mrs. Langstaff because Lorne's address changes so frequently.

## CONSTABLE FINDS CAR

County Constable Aubrey Fleury recovered a car belonging to George Billings, Kettleby, at the rear of Mary Lake farm last Thursday. It had been stolen some days previously. It is thought it had been driven to this obscure sidroad so the thieves could strip it at their leisure. Five good tires, a heater and other parts of the car were taken.

## WILL PRESENT PRIZE

The annual commencement at Aurora high school will be held tomorrow evening. John Stuart, a former pupil at the school and now prominent in the business world, will be on hand to present his scholarship to the school's leading student of 1944, John Crysdale. A well-balanced program has been arranged.

## WINS WINDBREAKER

Joe Taylor, winner of the cross-country race at St. Andrew's College, is richer by a windbreaker for his triumph. A sports broadcast over a Toronto radio station on Sunday picked his performance as the outstanding sports event of the week and awarded him a windbreaker.

## RECUPERATES IN ENGLAND

Pte. Donald Sutton, son of Mr. and Mrs. Harry Sutton, who was reported wounded in France some weeks ago for the second time, is in hospital in England and is suffering from severe wounds received from shrapnel near him. He was wounded in both legs and back. It has been necessary to replace lost skin by grafting, according to word received by his family.

So much interest was developed by the discussion on the proposed war memorial by the adult Bible class of Aurora United church that further discussions were held last Sunday.

Three possible plans were brought out in the discussion: 1. A public library, historical museum and general cultural centre, with reading rooms and exhibits along the lines proposed some weeks ago by high school trustee, Mrs. Vivian Wilcox. A little theatre for the encouragement of drama and for the use of discussion groups might also be included.

2. A large building to be used as a general social centre for the town and perhaps the surrounding countryside. This would include a swimming pool, a large gymnasium, which in turn could be used as an auditorium and banquet hall. The public library, civic offices and clubrooms would also be included in the building. It was felt that a considerable staff would be needed to keep the edifice properly looked after.

3. A new spacious public school with a gymnasium and rooms that could be used by the general public was another possibility. It would be open for public use in the evening. The idea would be to make the new school a community centre. This would be a matter for the public school board and interested citizens to get together on.

"We are only a small group and are not trying to force our ideas on the town," E. H. Clarke, class leader, said. "We are hoping other groups will discuss the matter. From the ideas advanced you can see how varied the opinions are and it is of the utmost importance that the greatest number be agreed on whatever plan is ultimately decided upon."

Mr. Clarke urged townspeople to let the board of trade know their ideas.

## WIN SOCCER TILT

Aurora high school first scored a 2-0 soccer win over St. Andrew's College last Thursday afternoon. Billy Mundell scored both the Aurora goals. The entire Aurora team played high class football. Delroy Babcock refereed.

## DOWN THE CENTRE

Mac Ogilvie, the big, awkward Bradford boy who filled the gap with everything he had when injuries riddled the star-studded Newmarket junior team in their quest for Dominion junior honors in 1933, is in action in Holland with Canadian troops. Mac was used as a "shadow" by coach Bill Hancock against better players and checked them to a standstill. Later he played fine intermediate hockey for Bradford intermediates. A brother, Ken, is with the army in Italy and Gordon, another brother, is aboard a Canadian corvette.

Gordon Dawson, batterymate for Harry Couse when the latter was just reaching prominence at Cookstown, has been promoted to the rank of pilot officer overseas. Sonny Brewster, who played junior hockey for Bradford juniors against Aurora back in 1910 and then joined the Duffs where he was a pal of several district boys, has been seriously wounded in action in France and is now in hospital in England.

Hi Lawrie of Markham, member of one of York County's best known hockey clans, is stationed at Fredericton, N.B., with the army and hopes to do a bit of puckchasing this winter. Brothers Ernie and Bob are both overseas with the R.C.A.F. Pepper Martin, ex-Aurora, is playing basketball these days for the navy team at H.M.C.S. Peregrine in the Maritimes where he is a "sub-loopy". As can well be imagined he is doing all right too. Pepper was one of those natural athletes although local sports fans only saw him in rugby and hockey. He played lacrosse and baseball at his native Wallaceburg.

Jimmy Orlando, rough, tough defence star of the Detroit Red Wings, previously reported as stationed at Camp Borden, is now at a Nova Scotia training centre. Turk Ferguson, the little package of dynamite of the Aurora juniors of '37-'38, was pictured last week in a Toronto daily as he took time out in Italy to write a letter home. Allan was with the armored corps and is now with the 48th Highlanders. He was reported wounded a few months back. Apparently, since the pix is a recent overseas one, he is back in the line again.

Cpl. Freddy Thompson, whose southpaw slants were used on the baseball diamond by Stouffville, Aurora and Newmarket teams, is taking treatment these days at Christie St. Hospital. He is able to be about. Freddy has been with the air force since early in the war and is likely to receive an honorable discharge because of his physical condition. One of the best young blue line players in the country and a member of last year's edition of the Brampton Bullets, Whitey Bartlett will be performing this season for No. 3 C.A.C.T.R. which is grouped with Newmarket in the C.A.C. group. The games with No. 2 will have quite a bit of interest from the Newmarket angle. Capt. Harry Barr, who along with Major A. H. Adams and Capt. Bing Caswell were the big three of Brampton, is at No. 3 and the latter two at Newmarket.

Mc Jackett has for the time being at least replaced Aurora's Don Hamilton as netminder for Army Shamrocks in Toronto. He hails from Yorkton, Sask., where he played with the western intermediate champions. Jackett was stationed at Orillia camp and was expected to play goal for that centre in the C.A.C. league before being moved to Toronto.

Jack Burns, well-known member of the Markham bowling club and for many years a power to be reckoned with on the green in any tournament, has been elected to the vice-presidency of the Canadian Lawn Bowling Association. He has been a member of the council of the association for the past nine years and his promotion is well merited. Over the years he must have won sufficient prizes to just about half fill the Burns menagerie.

Bob Dales, who back in the early 20's was performing for Stouffville hardballers and was one of a brother act, is now located at Calgary, Alta., where he has just been promoted to the management of the main branch of the Bank of Nova Scotia. Howard Forgie, who pitched for Markham midgets the past year in North York baseball, has just about clinched a place with this year's edition of Markham.
